## Race Report:

### WORCS-Rnd #8- Mesquite, Nv

Bakersfield, Ca- 9/27/09: Davi Haagsma ran away with the Pro 2 win earlier this month in Mesquite, NV at the final round of the 2009 WORCS ATV Championship series. With the 2nd plate being wrapped up the race before, this was all fun for Haagsma as he would run his last race in the A class for the series. Davi who had a great start would run 3rd and 4th for a couple of laps before getting into the lead on lap 5 and never looked back. Haagsma would start to gap a lead which would at one point see him running a 9:52 on lap 2, almost a full minute faster than the nearest competitor. Haagsma would end up taking the win for his second race in a row. Davi would also post an 8th O/A within the Pro class as Pro-Am and Pro's run together on Sunday Main Events.

"I really can't express how much this year meant to me. Allan my Manager/Mechanic did a fantastic job. He really stepped up and put all his efforts behind my program. I couldn't have did it without him. My parents have always been behind me and I want to thank them as well. My sponsors are the best and I am truly happy to represent them in such a winning fashion. I'm turing Pro next year and I'm looking forward to giving them more wins in 2010" Davi Haagsma

### ITP- Rnd #8- Temecula, Ca

H&M's Davi Haagsma made his way down south to Cahilla Creek this past weekend as he would run round #8 of the ITP Quadcross Nationals. Davi lined up against the likes of John Natalie, Jeremie Warnia and Josh Frederick who currently run under the Motoworks tent. Haagsma would finish 4th in the Open Pro class behind the trio of yellow Can-Ams. Haagsma was able to pull up on Motowork's Warnia for Open Pro points, as the Championship will be decided next month at Glen Helen for the final round where it is a double points race. Davi will look to make a run at the Open Pro Class Championship and put his Roll Design/Maxxis/Curtis Sparks/Kawasaki backed 450F up front for sure.

**\* Note from Allan McCostlin (Manager of H&M)**

"I really didn't know what to expect this year. I just wanted to help Davi do the best he could and this was far from my goal for sure. He has matured a ton and I am really excited to get into the Pro class next year. We have great sponsors, great team structure and alot of support. You'll see that come 2010." Allan McCostlin of H&M Motorsports
