H&M Motorsports - Davi Haagsma's Race Report: WORCS Rnd #9

Bakersfield, CA: 10/22/10 - MCR/Monster Energy/H&M's Davi Haagsma capped off his 2010 WORCS ATV season with a 5th place finish in the Pro class. In just his second Pro race, Haagsma came out and made a solid run and put the MCR Honda in the top 5, just behind teammate Josh Row who placed 4th on the day. Davi would gate 7th from his qualifying time on Saturday and looked good coming off the line in 3rd. Davi would get two hard laps in before he would fall back and do his job by following his teammate Beau Baron as Baron was running for the Championship. Baron would run into problems on lap 3, causing Davi to strategically follow Beau for position. After, Baron would pit, Davi continued on to lay down fast laps and secure the top 5 finish.

"I really felt good today. I was happy with my start and was looking to start a good pace, unfortunately for Beau he ran into problems and I knew my job today was to stay with him and that's what I did. I'm bummed for Beau, but I'm happy with the pace I ran this weekend. I'm already looking forward to next year.", said Haagsma Tuesday morning.

Davi will compete in a few more ITP races and select local events, then begin the 2011 season preparation. H&M Motorsports would like to thank the entire MCR (Mike Cafro Racing) team for their dedication to his WORCS year and his entire sponsor line-up that backs his East Coast ATV MX and WORCS racing efforts.
