MANUFACTURERS OF THE RAX SYSTEM FOR UTV, TRUCK & OFF-ROAD VEHICLES  
NATIONWIDE DISTRIBUTORS OF ROK STRAPS AND OTHER UNIQUE PRODUCTS

PRESS RELEASE 6-2010

PU-PRODUCTS IS PLEASED TO ANNOUNCE THE CREATION OF THE  
**RZ-RAX FOR THE POLARIS RZR 4 SEAT UTV.**

OUR RZ-RAX PROVIDES THE MOST SECURE SYSTEM FOR CARRYING FUEL JUGS AND COOLERS IN THE BED OF ALL FULL SIZE MODELS OF THE POLARIS RZR. IT HAS BEEN ON THE MARKET SINCE 2007.

THE RZ-RAX SYSTEM CONSISTS OF A MODULAR POWDERCOATED ALUMINUM CARRIER WHICH FILLS THE BED OF THE RZR. IT IS ATTACHED USING OUR PLUNGE 'N LOCK EXPANSIVE RUBBER MOUNTS AND HAS STAINLESS STEEL HARDWARE.

THE STANDARD RZ-RAX, FEATURES TWO OF OUR PU-PRODUCTS 5G FIVE GALLON JUGS WITH DOUBLE HANDLES AND A 12 INCH HOSE. THE JUGS ARE SAFE FOR DRINKING WATER OR FUEL. THE JUGS ARE AVAILABLE IN WHITE, RED, BLUE, BLACK AND YELLOW. THEY FEATURE A PATENTED 'V' RIB TO KEEP THEM FROM EXPANDING IN HOT WEATHER.

THE RZ-RAX ALSO COMES WITH AN AMERICAN OUTDOORS 24 CAN, SOFT SIDED COOLER. THIS COOLER WILL KEEP ICE FOR 24 HOURS IN 120 DEGREE HEAT. THEY HAVE A LIFETIME WARRANTY AND ARE MADE OF HEAVY DUTY VINYL FOR USE IN OFF ROAD VEHICLES AND EASY CLEANING. THE COOLERS COME IN BLACK, SILVER AND BLUE, LIME AND ORANGE. WE ALSO OFFER A GREEN CAMO COOLER IN BALLISTIC NYLON. A SHOULDER STRAP IS INCLUDED.

THE RZ-RAX COMES WITH TWO 12"- 42" ADJUSTABLE ROK STRAPS, RATED AT 125 POUNDS. ONE ROK STRAP IS USED TO SECURE THE 5G JUGS TO THE ROLL BAR. THE OTHER CAN BE USED TO SECURE ITEMS TO THE ROLL BAR OR TO THE MULTIPLE HOLES AND SLOTS ON THE RZ-RAX. THE RZ-RAX IS SUPPLIED WITH A WHIP FLAG HOLDER THAT CAN BE USED ON THE LEFT OR RIGHT SIDE. THE RZ- RAX SYSTEM FOR THE RZR STARTS AT \$250.

THE PU-PRODUCTS RZ-RAX FOR THE POLARIS RZR-4 IS A DROP IN SYSTEM THAT TAKES LESS THAN 15 MINUTES TO ASSEMBLE AND INSTALL.

WHEN POLARIS DESIGNED THE FOUR SEAT RZR, THEY CREATED A ROLL BAR THAT INVADERS THE AIRSPACE ABOVE THE REAR BED. PU-PRODUCTS RESPONDED BY CREATING A ONE INCH WIDE RZ-4 ADAPTER WHICH PROVIDES THE NEEDED SPACE TO ALLOW THE TRANSPORTATION OF OUR 5 GALLON JUGS.

THE ADAPTER KIT CAN BE USED ON ANY CURRENT RZ-RAX. THE KIT INCLUDES A POWDERCOATED ALUMINUM BRACKET, TWO ONE INCH FLANGES AND 4 STAINLESS STEEL BOLTS. IT RETAILS FOR \$20.00.

PU-PRODUCTS ALSO MANUFACTURERS THE UTV SIDE BOX FOR USE ON THE RAISED SIDES OF THE RZR AND RZR-4 BED. THE BOX FEATURES 720 CUBIC INCHES OF SPACE. THEY ARE WATER RESISTANT AND AVAILABLE WITH A KEY OR TURN LOCK.
