

# ATV Industry leaders join forces to get Jeremiah Jones back on the track.

At Round 6 of the AMA ATV Motocross Series in Millville, MN, Jeremiah Jones was presented with a new race ready Polaris RZR. Right before the first Pro moto, Jeremiah was brought to the announcer's stage for an interview. In a surprise move, Jeremiah was then given the RZR. Jeremiah was all smiles as he crawled into his new side x side that was specifically outfitted with a gull wing driver's door and hand controls. Many of the top pros were on hand to congratulate Jeremiah on his new ride. Harold Goodman stated, "This is the coolest thing I've seen all year, I can't wait to see him drive it".

Jones took the RZR back home to Kentucky and has been putting it through the rounds on his practice track. After a lap on his track, Jeremiah said, "It blows me away that I have something like this! All I can say is that the machine handles like a dream. The wide stance of the Lone Star components and the Fox shocks are amazing. It rides so nice, it doesn't beat up my back. The best thing is that I have my freedom. It is like I have my legs all over again. Oh, and I get to jump the heck out of it! My family and I greatly appreciate everyone that contributed to the RZR. It's just time to go play and kick some butt. Thanks again to all the sponsors and to Wes Miller for making this possible."

H-Bomb Films, the Bomb Squad, Division 4, Polaris, Lone Star Racing, Fox Shox, Hiper Wheels, Maxxis Tires, PRP Racing, Fullbore Plastics, IMG Motorsports, All Toys Performance, FMF, K&N Filters, Motion Pro, and Dana Creech Racing all worked together to make this project a reality. Wes Miller, of H-Bomb Films, summarized it best, "I would really like to thank all of the companies that made this happen. We are all so grateful to see Jeremiah back out on the track. It has been tough to see all he and his family have endured and it is a great feeling to see Jeremiah in the RZR with a huge grin on his face. It is amazing to see him roosting and jumping again."
