

## ITP Round #2: (4-12-09): Buckeye, Az-

Motoworks West Coast Off-Road team took to Buckeye Arizona on April 12th for round #2 of the ITP Quadcross series. Riders Jeremie Warnia & Josh Frederick, both coming off great finishes at round 1 with Warnia pulling off his first Pro win at Glen Helen.

In the Pro Production class, Warnia & Frederick battled it out for respectable 2nd & 12th place finishes. Jeremie had a great run finishing 2nd O/A just behind Factory Yamaha's Dustin Nelson. Frederick would have a great run in Moto 1, finishing 3rd but suffered a DNF (broken swingarm) in Moto 2, putting him in 12th O/A.

In the Open Pro class, Motoworks completely swept the top 2 podium spots as Warnia captured the win followed by Josh in second. Both riders ran extremely well and capped off the day with a 1-2 finish as they head back to Glen Helen for round 3 in May.

Dillon Zimmerman continued to clean house in the Production Expert class finishing on top again, keeping him perfect so far in the ITP series.

\* The WORCS series had April off, the boys will be back to do battle on May 3 at Honeylake MX in Milford, Ca
